NO. 31

A CONGRESSIONAL CATENA.

Under a good picture of Hon. Harvey Helm, candidate for Congress, in the Richmond Register, appears the following poem:

Would you have your district be
Strong and able, brave and free?
Fearless of all tyranny?
Vote for Helm.

Would you have your Ship of State
Steered in safety, growing great?
And her future deeds relate?
Vote for Helm.

Would you like to overwhelm
Evil all throughout the realm?
Then choose one with strength of elm—
Such is Helm.

Would you have one strong and true
Who would know just what to do?
Who would know what's best for you?
Vote for Helm.

Would you have your county fall
Traitor to a neighbor's call?
If you would not, one and all,
Vote for Helm.

Lincoln is a sister fair,
Who our burdens helped to bear,
Won the honors that we wear
With such grace.

Should Madison fall her now?
No, she should support avow
And with welcome on her brow,
Give her place.

So, let each who fights 'gainst wrong
Raise this poem, loud and long:
"I'm a Helmsman, good and strong;
I'm for Helm."

Two carloads of beer was confiscated at one place and shipped back to Evansville, Ind. It was with difficulty that the crowd was restrained from doing violence to several insolent violators.

Mrs. J. L. Conway is seriously ill at her father's, Mr. Sam Reid's, as the result of a collision of the train on the Santa Fe railroad in Kansas, upon which she, her husband and son were en route here to spend the summer. The sleeper in which they were traveling was on the rear of the train and was run into by a freight, completely demolishing the car and injuring a number of the occupants. Mrs. Conway had to be carried from the wreck and only by the most careful nursing on the part of her husband was she able to reach her old home again.

R. L. HUBBLE.

Of Lincoln county, is a candidate for the nomination for State Senator in this district, subject to the action of the democratic party.

THE best of reports come in concerning Hon. Harvey Helm's race for Congress. In fact matters have assumed such a splendid shape that it looks like a certainty that he will be nominated on the first ballot at Shelbyville on the 28th. The democracy of this district could certainly not place the honor where it more properly belongs than to nominate Lincoln's splendid young democrat. Make Mr. Helm the standard bearer and all will be well.

REPUBLICAN designs upon Kentucky have been altogether frustrated by the action of the convention. Hopes had been entertained of such a serious defection in the ranks of Kentucky democracy that the republicans thought they had a chance to steal the State. As "hope deferred maketh the heart sick," the republicans of Kentucky will soon be in need of a physician.

THE "Filipinos are not capable of self government," declare the republican bushwackers in their political frenzy, but at the recent commencement of the law department of Georgetown University, a Filipino, a youth belonging to this despised race of Luzon, captured first prize. Yet the fulfillment of "our destiny" demands that he remain a subject of Theodore.

THE Pittsburgh man who shot himself when he returned home to find that supper wasn't ready doubtless is not so anxious now for a hot meal.

POLITICAL.

William D. Wooten has been appointed postmaster at Maddox, Leslie county.

Ninety-seven of the 131 bills adopted by the last General Assembly became laws yesterday. Many of these measures carry appointments to be made by the governor.

Of the 728 delegates so far chosen to the National democratic convention, 384 are unaffiliated. Those instructed are as follows: For Parker, 178; Hearst, 110; Olney, 32; Wall, 26; Gray 6.

A majority of county conventions in Texas selected delegates favorable to Parker.

Judge L. E. Mann, of Morehead, has withdrawn from the race for the Democratic nomination for Congress in the Ninth district. This leaves Congressman Kehoe without opposition, and he will doubtless be declared the party nominee.

Utah Democrats elected an unopposed delegation to the National Convention, four delegates said to favor Parker and two inclined to Hearst. Because of the bitter fight over the polygamy question it was finally decided to adopt no platform whatever.

President Roosevelt announced the appointment of William S. Cochran, now chief postoffice inspector, to be purchasing agent of the postoffice department, an office created at the last session of Congress. The appointment takes effect July 1. The salary of the office is \$5,000 per year. Mr. Cochran's successor has not yet been selected.

John W. Alexander, a wealthy iron works owner of West Virginia, though a Republican, believes that Senator Gorman can carry West Virginia and that he is the only Democrat who can do so. He says: "I would support Gorman if he were nominated by any party, for I know him to be a good and safe man. I regard him as a strictly conservative man upon all public questions and I consider him the McKinley of the Democratic party. It is strange to me that the Democrats should be divided as to their candidate. For if they cannot elect Gorman they cannot elect any man. I consider him by odds the strongest man in the country, and the best timber the party has for President."

IN NEIGHBORING COUNTIES.

Mrs. Henry Hargis, of Pulaski county, is alleged to have been frightened to death by a snake.

At a vaudeville performance in a tent at Barboanville a brace broke under the elevated seats and 30 people were injured, one probably fatally and three or four seriously.

Mrs. Dennie Massie, of Mercer, while dipping some hens and chickens in a preparation of "sheep dip" for lice, inhaled the poison and has been unconscious for three days.

About \$23,000 of stock has been subscribed to the proposed interurban railway from Columbia to Lebanon. The amount required of Columbia and Adair county is \$50,000.

The same of our handsome Circuit Judge is destined to be "writ" on the scrolls of fame. A Boyle county admiral has named a fine thoroughbred colt Judge Bell.—Democrat.

A. C. Jenkins, living near Norton, Kansas, while beating his wife, was shot by his 11 year old daughter. Jenkins was insane and had often threatened to kill his whole family.

J. M. Rothwell and John Anderson caught a catfish at the mouth of Paint Lick, Garrard county, that weighed 62½ pounds. It was caught by a trot line and was transferred to Lake Placid, the water works reservoir.

Mr. and Mrs. Z. T. Elkin, of Burgin, were poisoned by eating strawberries, which were supposed to have been green on them. They were sick for several hours but by heroic efforts on the part of the attending physician their lives were saved.

In order to conform to the new Kentucky law prohibiting the co-education of whites and blacks, the trustees of Berea College, are arranging for the transfer of their colored students to other institutions. The young pupils will be sent to the colored public schools, and those of higher grades to Fisk University, Nashville, or some similar institution.

The case of Capt. Wm. Herndon, administrator of M. W. Johnson, against the New York Life Insurance Co., for policies amounting to nearly \$60,000, was tried in Louisville last week and resulted in a hung jury. Capt. Herndon tells The Record that a majority of the jurors were for Johnson. This is the case that arose shortly after Johnson's death some years ago, the companies claiming that premiums had not been paid. It will come up for trial again in November.—Central Record.

A Great Meeting.

The tent meeting at Crab Orchard conducted by the Baptist evangelist, Rev. A. A. Niles, is largely attended and remarkably successful. About 30 professions of pardon or purity are the visible results of the present stage of the great revival. Never in the history of the town has there been such a religious awakening. The noted divine has been in the ministry for 50 years. There have been as many as 1,000 souls saved in one meeting through his instrumentality. He has read the New Testament 150 times on his knees. Through his earnest efforts 50 Baptist preachers and 100 Methodists have entered the experience of sanctification. He has challenged 200,000 men as to the truth of the grand cardinal doctrine of holiness, which he spiritually and logically maintains. In his search for truth he has perused the works of 1,200 authors on baptism. He had 21 calls last summer for camp meetings.

From one who has attended the meeting.

Here and There.

There are 20 cases of smallpox at Dixville, Mercer county.

Fire destroyed every business house in the town of Cromwell, this State.

The project instituted for the celebration of a "sane" Fourth of July by subscription at Chicago, was abandoned.

By the explosion of sewer gas in Chicago four men were killed, a building wrecked and the street torn up for blocks.

Miss Mary Helm, of Elizabethtown, tendered her resignation as president of the Methodist Women's Foreign Missionary Society.

In a street battle at Elk, Texas, resulting from friction over the election of a school teacher, one was killed and four seriously wounded.

The paid attendance at the world's Fair during May was 542,028 and the admissions by pass aggregated 459,663, making the total attendance 1,001,391.

Because he could not get a discharge from the army, Corporal W. B. Cawley, of the 17th coast artillery, committed suicide at San Francisco in his wife's presence.

The Erie Railroad Company has made a second reduction of 10 per cent. in its shop working force at Susquehanna, Pa., and is retrenching in other directions.

Operators are already numerous in Pike county coal fields, and several mines will be opened in advance of the completion of the railroad now being built to that region.

Deported miners from Colorado were dumped on the prairie in Kansas and warned not to return. Later a sheriff's posse ordered them to leave Kansas and headed them West.

Memorial exercises were held Saturday over the 2,200 graves of Confederate soldiers buried at Camp Chase, the oration being delivered by Col. George Washington, of Newport.

A religious training school for women will be established in connection with the Southern Baptist Theological Seminary. It will fit women for home and foreign mission work.

It is alleged that a fund of \$3,000 has been raised by popular subscription for the benefit of a prominent churchman in Bedford, Ind., suspected of the murder of Miss Sarah Schaefer.

The Confederate veterans will meet at Nashville today in annual reunion, the meeting continuing until Thursday. Elaborate preparation for their entertainment has been made, and it is expected that 65,000 people will attend. The grand parade will take place on Thursday. On Wednesday the corner stone of the Confederate memorial will be laid.

CHURCH MATTERS.

The Glasgow Times contained a good likeness of Rev J. M. Bruce, who has taken charge of the Baptist church at Horse Cave.

The Salvation Army cohorts have arranged a parade for Tuesday in New York to precede the sailing of 350 delegates to the International Congress in London.

Quite an innovation in the way of a religious service in a show tent was conducted at Lancaster Sunday afternoon under the canvas of Sun Bros' circus by Rev. C. M. Chumbley, pastor of the Presbyterian church. Several hundred people of the community were in attendance as well as the showmen. A well-selected choir furnished music, assisted by members of the Sun Bros' band.

A London dispatch says: John Alexander Dowie arrived here from Holland, and made a tour of the hotels, accompanied by his wife and son, and escorted by deacons, in search of accommodation. Everywhere he met with refusal, as the hotel managers were afraid of a repetition of rowdiness which marked Dowie's former stay here. Ultimately being unable to find lodging, Dowie proceeded to the Zionist headquarters. These have been connected with the police telephones in anticipation of a possible onslaught by the mob.

No. 75, 150,000 acres of cotton land in Mississippi. There is no section of country which offers so many opportunities for profitable investment as the Mississippi Delta which is now fully described as "Prosperity Valley." The timber is becoming more valuable all the time for the reason that lumber people from the North (where the supply of timber is fast diminishing), are constantly increasing their purchases of timber lands in the South. When the timber is removed the land is unequal for agricultural purposes. It will produce a bale of cotton to the acre or will grow any other kind of crop raised in the temperate zone. The soil needs no fertilizers and gives a yield which cannot be excelled; taxes are low, the title is perfect and the man who buys Delta farm and timber lands at present prices is making an investment that he will never regret. This land is divided into tracts ranging from 40 acres to the tract to 17,000 acres to the tract and prices from \$8 per acre to \$40 per acre, according to location, etc. We are authorized by the company who owns these lands to state that as other parties are considering the purchase of these lands that we offer these tracts subject to prior sale, withdrawal from market or change in price without notice. However, when notified, they will hold any tract out of market long enough for the purchaser to make an investigation. About 12,000 acres of this land has been sold by the Company since we received this option. For further particulars call at our office.

All for \$6,250, or \$5,500 for the mill and 14 acres. One half cash. Has fine trade. No mill in 10 miles.

A TELEGRAM from Mr. Caswell Sautley to his brother, Mr. Geo. B. Sautley, announces the good news that he successfully stood the physical examination at Annapolis and at once entered upon his duties as naval cadet. While the young gentleman's friends congratulate him on his success, they regret that he can no longer be a resident of Stanford, since he is given only one month out of each year for vacation, and eight years are required to complete the course, four years at Annapolis and four years on the sea.

SPEAKING.—Hons. Geo. G. Gilbert and Harvey Helm spoke to a large crowd in the court house here yesterday. The former was introduced by the latter in a complimentary little speech. Mr. Gilbert said he was not here to try and get instructions from Lincoln county, not even second instructions, but merely wanted to see and talk to the people he represents in Congress. He spoke for about an hour and was followed by Mr. Helm, who made a brief, but logical talk. In Mr. Gilbert's rejoinder he insisted that Lincoln democrats stick to their splendid candidate for Congress, and that they will do so handsomely there is no doubt.

THERE was nothing worthy of mention done in the county court yesterday.

REPORTS from every part of the district show Helm, the bachelor from Lincoln, to be on gaining grounds. It is so "writ" down that Harvey Helm shall be the next Congressman from the grand old Eighth district and when the returns come in from the Shelbyville convention on June 28th, see if we are not correct.—Mt. Vernon Signal.

MR. R. H. BRONAUGH president of the Crab Orchard Fair & Racing Association, was here yesterday returning from Lexington and Richmond, where he had been in the interest of the fair. He says that car-loads of racers will be sent from both places to the Crab Orchard fair and that the prospects for the biggest lot of show and racing stock ever seen at a Central Kentucky fair will be at Crab Orchard to contest for the liberal premiums and purse hung up. Everything points to a successful exhibition this year.

ONE of the most pleasant social functions of the season was the linen shower given by the Misses VanAredale at their home, "The Heights," for Miss Jennie Pence on Friday afternoon from 3 to 6 o'clock. They were assisted in receiving by Mrs. Egland, of Topeka, Kansas, Misses Mollie Brooks and Jennie Lynn. The already beautiful home was tastefully decorated in Summer flowers, meteor roses predominating, the color scheme being red and white. At 4 o'clock Miss Pence entered the parlors where she was bountifully showered with linens by little Misses Lucy Lee Walton, Berta Jean Penny, Mayme Moore Raney and Marion Grimes. In presenting the shower Miss VanAredale addressed the bride-elect with the following: "Jennie, we realize with regret that your relation with us as a social member is soon to be severed and we assure you that it is with reluctance that we give you up. We trust you will accept these tokens of love and that they will ever remind you of the warm place you hold in our hearts. And may your brightest ideals of married life be fully realized." After the shower the guests repaired to the dining room where dainty refreshments were served, the hardwood table having lace cover and candelabra, with ribbons, roses and smilax decorations. The souvenirs of the occasion were moss rose buds, tied with white ribbons. There were 30 guests present and each remembered Miss Pence with a handsome piece of linen.
